Charles C. Goodhart  
Executive Director

**TO:** PAPA Members and Friends  
**RE:** 2022 Regional Technical Meetings  
**DATE:** February 8, 2022

It's with great excitement that we announce we will be back in person for our **2022 PAPA Regional Technical Meeting**. These meetings are very informative and educational for all members and our partners in the Asphalt Pavement Industry. We've lined up an outstanding list of presenters from industry, PennDOT, PA Turnpike, and PAPA.

We will conduct a technical panel discussion at each meeting to vet and discuss issues, problems, and opportunities of a regional nature. Each PennDOT District will present their asphalt mix requirements for 2022 and cover several important topics, innovations, and best practices. Our partners from both the PA Turnpike and Bureau of Construction and Materials, Lab Testing Section, will share relevant data and changes to their operations.

New this year, The Planning Committee has invited a few Associate Members of PAPA and/or a manufacturer or distributor of asphalt field – lab test equipment to participate as a vendor and presenter. They will be scheduled for five minutes at the beginning of each meeting to provide information on their company and products with concentration on lab test equipment related to Balanced Mix Design.

It's time to register! Do not wait, seating is limited at each location. It's been three long years since we can gather face to face and renew and forge new relationships and friendships. We will be issuing **6 PDH and/or NECEPT credit** hours for attendees. Certificates of completion will be emailed to you shortly after all meetings are completed. Registration also includes a continental breakfast, hot luncheon buffet, and beverages.

Let's continue to pursue in 2022 our mission to ever improve the performance of asphalt pavements!

Charles Goodhart  
Executive Director

### REGISTRATION FEE:

**\$ 95.00 — PAPA Members / Government**

**\$135.00 — Non-Members**
